

Dear Vernon Planning and Zoning Commissioners:

Name: _____

Address: _____

City/State: _____

I have been informed of the proposed TicketNetwork Forest Summer Stage Concert Series and want to express my opposition to this project.

As a Vernon resident, I believe the Summer Stage Concert Series does not preserve the things that are special in our town.

I live in Vernon because of the beautiful natural resources, quiet surroundings, privacy and country atmosphere.

My concern is that rock/country concerts will drastically affect our way of living, bringing with them traffic, noise, pollution, trash, crime, devastation of wildlife and reduced property values.

Please support Responsible Development by denying this application!

Respectfully,

Date: _____
